Attachments: 11.09.08 - tick tock Timeline of Crisis in Libya.docx

Yeah, it's the tick tock you did. We asked Amira for it, what she sent us is attached.

I'll make sure BHL gets the article.

Generally though, she's making too much of this interview. The guy is bringing a handicam. It's basically a home movie.

- the boss. I just talked to her. She has the wrong doc. PIR, I sent her what I think is the right one. Do you know what this "S/P-prepared doc" she is looking at?

Also, PIR, she wants BHL to get a copy of the Warrick article. Can you pass off?

We also need phone records and meetings w Arabs and work on Arab League resolution. The Joby Warrick piece from 10/30/11 includes more detail than our own timeline.

Adding Lona, Monica and Rob who have my scheduling records. What bothers me is that S/P prepared the timeline but it doesn't include much of what I did. So where did they get info? This is example of my continuing concern that we don't have our records ready.

This timeline is totally inadequate (which bothers me about our recordkeeping). For example, I was in Paris on 3/19 when attack started. That's not on timeline. What else is missing? Pls go over it asap.
