Date Range of Request

Please provide a timeframe for which you would like the Department to search for relevant material.

- If you are searching for information surrounding a particular event, it is suggested that you set a date range prior to the date of the event if you are interested in background material.
- Please remember that the greater the date range, the longer it may take to process your request and the greater the amount of fees that you will be charged.
- Please note: permanent Department of State records that were created prior to 1977 and pre-1925 passport and pre-1940 visa records are property of the National Archives and Records Administration (NARA). Please visit NARA at www.archives.gov for more information on how to access these records.
