Appendix IV

FINANCIAL FUNCTION CODES

(TL:LGP-01; 08-10-2001)

a. The program function code for the Overseas Local Guard Program is FC 5820. All direct costs for the Local Guard Program (LGP) are obligated and expended against the following subfunction codes. Function codes 5821 through 5824 are non-International Cooperative Administrative Support Services (ICASS) function codes.

- **FC 5821**—Security Guard Services for Residences. Costs for security guards for all residences, including the ambassador's residence and the Deputy Chief of Mission (DCM's) residence.
- **FC 5822**—Security Guard Services for Non-residential Buildings. Applies to Department of State only occupied buildings.
- **FC 5823**—Mobile Patrol Security Guard Services. Costs of roving security guard services for chancery, residences and other mission buildings and facilities.
- **FC 5824**—Bodyguards and/or armed escorts for mission personnel and guests. Costs of bodyguards for the ambassador, DCM, and other personnel, as required.
- **Cost Center 5826**—A code representing the service provided by the LGP for ICASS non-residential properties, for example, shared facilities such as chanceries, annexes and shared warehouses which State and other agencies occupy.
- **FC 5841**—Perimeter and internal security: residential security upgrades including expenses for grilles, alarms, locks, lights, substantial doors, etc. Funds also cover the cost of shipping and installation of equipment as well as the salary of a residential security coordinator if applicable.
- **FC 5843**—Maintenance and repair (M&R) of installed residential security equipment: M&R contract and other residential security expenses including labor, parts and supplies.

b. Occasionally, events occur which result in the appropriation of security supplemental funding. In these cases, new and/or different function codes may be used to account for the funds.
