My understanding is that the U.S. government put a down payment on a property in Cape Town, South Africa for this institute. I've also been told it might have been a resort property that was for sale. I've been told this could have been with PEPFAR funding. I'm interested in any and all legal documents related to that transaction. This could include, but is not limited to, legal agreements pertaining to a down payment, payments made into a lawyer's trust account, and any and all offers to purchase a property for the institute. F-2023-12646	Hansen, Kohta	Nova Southeastern University	<p>BLUF: Obtain a copy of the number of sextortion reports received by the Diplomatic Security Service (DSS) from 2010 to the present and related investigative data.</p> <p>-----</p> <p>I am requesting data associated with DSS sextortion investigations from 2010 to the present day. Specifically, the number of reports of sextortion, opened sextortion cases, the number of cases that were referred to any judicial prosecution (i.e. local/federal/international courts), and the number of arrests made for sextortion by the agency or agency task forces. I am seeking data categorized by year, from 2010 to the present day, by victim gender, ethnicity, and age (if exact age cannot be released, a bracketed estimate of under 18, 18-21, 22-25, 26-30, 31-40, 41-50, over 50), offender gender, ethnicity, and age (same brackets as above), location of the initial report (state name is sufficient), the number of victims and offenders where were involved in more than one agency investigation, how the victim and offender communicated (what applications) and what the criminal scheme was.</p> <p>Please note the number of Anti-sextortion or sextortion educational campaigns the agency has published/contributed to by year and length of the campaign from 2010 to the present.</p> <p>Please note if: The victim or another involved member committed suicide, the case involved another country (note which country), the case involved other law enforcement or international agencies (note which organizations/agencies), if the case involved child pornography or child sexually abusive materials, sentencing outcomes if a guilty verdict was found.</p> <p>I aim to analyze the data, draw empirical conclusions, and then present and publish findings to identify trends related to sextortion reporting, themes in sextortion communication and schemes, victim and offender characteristics, and other trends/themes that become apparent through the analysis process. Reviewing over 35 peer-reviewed journal articles and legal publications, I identified there is currently very little empirical literature within the global criminal justice, social, psychological, and related sciences on criminal investigations of sextortion. This presents a massive need for data and analysis to assist researchers and policymakers in addressing the extreme global criminal sextortion threat.</p> <p>The anticipated findings will help the agency, the Department, policymakers, and researchers by highlighting the agency's great work of community engagement and effective criminal investigations.</p> <p>I understand the limitations of some investigative information management systems, so please feel free to contact me to clarify or streamline data collection based on your access and ability to obtain the requested data. I am happy to "meet in the middle" if some data are too complicated to obtain.</p> <p><b>**Please note: I am a current foreign service specialist employed by the U.S. Department of State, Diplomatic Security Service. This request is NOT related to my official duties or my current mission or duties. If deconfliction is necessary, please let me know, and I will</b></p>	09/02/2023	-

F-2023-12657	Smolen, Gregory	-	<p>I am looking for information on my grandfather's, Milton Berzin, involvement in the Vietnam Peace Talks in France. His home in Saint Nom-la-Breteche was used for the peace talks in the 1972 timeframe. Le Duc Tho and Henry Kissinger would meet at his house. The family stayed in the home, and my mother has memories of the house being swept for bugs, and her bags being searched coming back from school. We have a letter from President Nixon thanking us for the use of the house. Records related to how the connection was made to our family, and the decision to approach Milton and use the home are requested.</p> <p>Milton Berzin was also involved in an import business selling military equipment from US companies in Europe and beyond. For example, night vision equipment to Iran. We would like records related to other business dealings and connections that Milton may have had with the State Department and government in brokering these transactions.</p> <p>A similar request was submitted to the CIA</p>	09/03/2023	04/11/2024

F-2023-14533	Antelme, Suzanne	-	any documentation, letters or similar illuminating the US perspective on/approach to the tensions between Estonia and Russia in the early to mid 1990s as Estonia developed its citizenship laws (impacting the Russian-speaking minority in Estonia) amid negotiations for Russian troop withdrawal.  I am most interested in the 'Aliens Crisis' (over the Law on Aliens) in the summer of 1993, anything mentioning the referendums held in the towns of Narva and Sillamäe during that time, and anything on the US offer to help build homes for Russian military personnel and their families expelled from Estonia. I am also particularly interested in any discussions/analysis of the potential risk this tension posed to regional security and US interests, and anything the US did or considered doing to influence the development of Estonian citizenship laws, or the Russia/Estonia dynamic more broadly.  I expect the key period will be September 1991 to the end of 1994.	09/05/2023	-

			All records referring or relating to the activities of the International Crisis Group (ICG) in relation to Iran from January 2021 until this request is processed, including but not limited to correspondences with ICG and about ICG pertaining to Iran.		
F-2023-12990	Gandhi, Maya	-	As a news organization reporting for the public interest, The Times requests a fee waiver, as the records at issue are "likely to contribute significantly to public understanding" of the ongoing role of the ICG in U.S. foreign policy toward Iran. See 5 U.S.C. § 552(a)(4)(A)(iii).  Furthermore, as a news organization that publishes to a general audience and is "primarily engaged in disseminating information," The Times requests that these records receive expedited processing. 5 U.S.C. § 552(a)(6)(E); 22 C.F.R. § 171.11(f). ICG's portfolio has included extensive involvement with the 2015 Joint Comprehensive Plan of Action, often known as the Iran Nuclear Deal. Furthermore, Robert Malley, the former head of ICG, recently served as U.S. Special Envoy to Iran, leading the American relationship with the country. Given ICG's empiric and continued influence on U.S. foreign policy toward Iran, a "compelling need" exists for records regarding ICG "in order to inform the public" of the State Department's activity, especially in relation to this private, nongovernmental entity. 22 C.F.R. § 171.11(f). <i>(Date Range for Record Search: From 1/1/2021 To 9/13/2023)</i>	09/13/2023	-

			<p>All documents that mention Francisco Simo Orts (aka Simó Orts aka Simo-Orts aka Simo y Orts aka Orts-Simo) created between January 1, 1966 and January 1, 1973.</p> <p>For help in locating the documents: These documents may or may not relate to the 1966 Palomares B-52 crash. The documents may or may not relate to a lawsuit filed against various branches of the US government (including the US Navy, Air Force, Atomic Energy Commission, Department of Defence, and the Justice Department) by Simo Orts circa March 21, 1968, or the earlier Memoranda of Facts and Law filed in New York circa May 3, 1967. The documents may or may not also relate to a response coordinated by the Department of Defence after Simo Orts filed a suit at the Foreign Claims Commission office at Torrejon Air Base, Spain, circa 1966.</p> <p>As a representative of the media affiliated with the non-profit 501(c)(3) art and culture organization Cabinet magazine, I am gathering information on the 1966 Palomares B-52 crash that is of current interest to the public because of the recent Supreme Court appeal on behalf of U.S. veterans denied medical benefits after exposure to radiation during this incident.</p> <p>I am requesting a waiver of all fees. The information I seek is in the public interest because it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest.</p>		
F-2024-00867	Dukes, Hunter	-	<p>My request concerns the operations or activities of the government because the settlement with Orts set a precedent for how the US government handled subsequent legal claims arising from individuals seeking compensation for injury and the destruction of personal property arising from the Palomares incident. For evidence of this precedent and the government's awareness of its actions, see the declassified Palomares Summary Report (available here: <a href="https://apps.dtic.mil/sti/pdfs/ADA955702.pdf">https://apps.dtic.mil/sti/pdfs/ADA955702.pdf</a>), especially pp. 149-182.</p> <p>Also, the information sought has informative value, or potential for contribution to public understanding. I plan to disseminate this information to the public in the following manner: by writing a longform report about Francisco Simo Orts for Cabinet Magazine.</p> <p>In addition, the release of this information will have a significant impact on public understanding because no one has yet reported in sufficient detail about how and why the government decided to settle with Orts as a method for deterring further litigation. As the declassified Palomares Summary Report reveals, "If the total volume of file space is an indication of the historical importance of a claim, that of Francisco Simo Orts certainly deserves to be included here" (p. 176). Yet the public has not yet seen the bulk of these files, which set a blueprint for how the government would handle subsequent legal matters, still ongoing, that arose from the Palomares incident.</p> <p>Please note Simo Orts is deceased.</p> <p>Thank you very much for your assistance.</p> <p>Hunter (Date Range for Record Search: From 01/01/1966 To 01/01/1973)</p>	10/17/2023	-

Upon making contact with her birth family, we discovered that his service in Vietnam was a mystery to them. We have his Naval service records, but not a shred of what he did in Vietnam beyond his family saying he worked for the State Department during the time of the Vietnam War. I would like to have a copy of his service record for the Department of State so we could have a completed picture of his life. F-2024-00925	Turse, Nick	TomDispatch.com	<p>Pursuant to the federal Freedom of Information Act, 5 U.S.C. A§ 552, I request all tips submitted via any means (email, text, Signal, WhatsApp, Telegram, Viber, Line, etc.), including "all relevant files such as photographs, videos, and documents to support [said] information" submitted via the Rewards for Justice as well as replies and subsequent exchanges with "RFJ representative[s]" and payment documents.</p> <p>The time frame of this request is January 1, 2020 to the date that the search for records begins.</p> <p>I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption."</p> <p>As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$ .01.</p> <p>If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.</p> <p>As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing.</p> <p>I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance.</p> <p>Regards</p>	10/19/2023	-

F-2024-01105	Aamot, Colin	The Daily Signal	Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Documents or data sufficient to account for the total number of full time and part time employees or contractors assigned to the agency's Freedom of Information Act Office, and the total number of employees employed by the agency (latest available number). To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's operations.	10/28/2023	-

F-2024-01135	Fitzpatrick, James	Center to Advance Security in America	The recent terrorist attacks in Israel have highlighted the importance of diplomatic posts across the globe. One post of particular interest and importance in the fight against terrorism in the region is the Office of Palestinian Affairs. The operations and management of the Office of Palestinian Affairs is of great concern as the United States seeks to aid its allies in thwarting terrorism in the region. The office organization chart is essential to understanding the chain of command within the office. The information obtained from the organization chart will provide transparency and accountability concerning the office's leadership and management of taxpayer resources. F-2024-01136	Fitzpatrick, James	Center to Advance Security in America	This letter constitutes a request under the federal Freedom of Information Act (FOIA), 5 U.S.C. § 552. The recent terrorist attacks in Israel have created humanitarian and national security concerns for American allies in the region. The tense environment has resulted in communications that may not necessarily be representative of the view of the U.S. government. Specifically, the Office of Palestinian Affairs retracted a tweet that urged for an Israeli ceasefire. The original contained the phrase, "We urge all sides to refrain from violence and retaliatory attacks. Terror and violence solve nothing." It is in the public interest to conduct oversight of the communications that authorized the publication of the message and its ultimate retraction. The information obtained from these communications will provide transparency and accountability related to the use of taxpayer resources. F-2024-01150	Pakzad, Roya	University of Virginia	Dear FOIA Officer,  Under the Freedom of Information Act, I request records related to the Department of State procurement of artificial intelligence (AI) systems and services from external vendors, as referenced on <a href="https://www.state.gov/data-strategy/ai_inventory/">https://www.state.gov/data-strategy/ai_inventory/</a>  Specifically, I seek: 1) Copies of procurement contracts and documents detailing vendors and products acquired. 2) Any audits, impact assessments, or accountability measures conducted by the Department of State related to acquiring AI systems, either before procurement or during implementation. 3) Reports, memos, or summaries detailing the AI vendor names, evaluation and selection process.  I am a Data and Democracy Fellow at the University of Virginia researching government AI procurement transparency. I believe these records will shed light on the public sector AI market and how agencies ensure responsible AI deployment through procurement. My request is for non-commercial academic research that will be made publicly available.  Please contact me if costs exceed \$100. I appreciate your assistance in informing the public about this important issue. If you deny any part of my request, please provide legal justification.  Thank you for your time.
