F-2025-09465	Salzman, Nell	-	Please provide an electronic copy of any dataset that has logged each and every consular notification of someone detained by ICE, since at least 2010 (or as far back as the data can reasonably be extracted), with all fields of publicly releasable data .This request does not seek personally identifiable information – such as names and birth dates of those detained. Those fields of data can be redacted or, more simply, not extracted as part of the data run required to provide every other field of data captured on each detainment to comply with the request. F-2025-09466	Salzman, Nell	-	Please provide an electronic copy of any dataset that has logged each and every ICE detainee removed/ deported on repatriation flights, since at least 2010 (or as far back as the data can reasonably be extracted), with all fields of publicly releasable data .This request does not seek personally identifiable information – such as names and birth dates of those detained. Those fields of data can be redacted or, more simply, not extracted as part of the data run required to provide every other field of data captured on each detainment to comply with the request. For reference, I understand that the State Department, on behalf of ICE, must seek travel documents from countries willing to accept detainees when they land. My assumption is this information is logged in an electronic format. (Date Range for Record Search: From 01/01/2010 To 02/05/2025)	02/05/2025	03/28/2025

F-2025-09604	Topol, Tom	-	Ladies and Gentlemen, My name is Tom Topol, and I am a passport historian. On eBay, one can find hundreds of passports for sale. However, it is my understanding that a passport remains the property of the United States government. eBay has a Government and ID policy that forbids the sale of such documents, yet in a written statement, they informed me that passports are allowed to be sold if they are more than 20 years expired. I find this stance by a private company quite puzzling. Did they consult you on this matter? Was there any agreement from the department with eBay? And if not, what actions will you implement to ensure that eBay is acting in compliance with the laws? I seek an official statement as a passport historian that could provide clarity and offer legal protection to vintage passport collectors. Thank you. With best regards, Tom Topol (Date Range for Record Search: From 01/01/2000 To 01/02/2025)	02/07/2025	-

F-2025-09831	Nhem, Boraden	CamEd Institute	Topic: US position on the Political negotiation during the Cambodian civil war. I would like to know the U.S. impression, evaluation, and position on this Sihanouk-Hun Sen meeting. As a result I would like to read the report by Mr Lambertson which I think would be communicated to the U.S. Department of state through the U.S. embassy in Japan or the cable by US ambassador to Japan Mr Michael Armacost himself about the meeting. As the meeting occurred on 4-5 June 1990, I think the cable from the U.S. embassy in Japan to the U.S. department of state from 1 June to 13 June would contain such materials. The reason I have extended the date to 13 is because on 11 June, Mr. Price, the counselor in the U.S. embassy in Japan was meeting with Mr Kono of the Japanese foreign ministry (according to the Japanese archive). So I assume there was a cable afterward by Mr. Price to the U.S. department of state. (Date Range for Record Search: From 6/1/1990 To 6/13/1990)	02/11/2025	-

F-2025-09970	Fresco, Leon	Holland and Knight	Specifically, seek the following information/data: 1. For fiscal years 2022, 2023, and 2024 — The total number of completed/submitted DS-160 applications seeking F-1 student visas by country. In other words, we are not seeking to know the number of students who started an application, but we are seeking to know the number of students who actually submitted/ completed a DS-160 application to the State Department. 2. For fiscal years 2022, 2023, and 2024 — The total number F-1 student visa applicants who made F-1 student visa application fee payments to the State Department (not in dollar amount – but meaning the number of people/applicants who paid visa application fees). The data sought should be provided by country. In other words, we want to know how many Chinese F-1 student visa applicants paid a fee, how many Indian F-1 student visa applicants paid a fee, etc. 3. For fiscal years 2022, 2023, and 2024 — For each country, the total number of completed/submitted DS-160 applications seeking F-1 student visas by country – but sorted by the "Name of School" field that is in the DS-160 application. In other words, if India has 50,000 applicants, we seek to know how many of the 50,000 applicants were seeking to attend University X, how many were seeking to attend University Y, and how many were seeking to attend University Z, etc. The State Department maintains these statistics due to its use of this field on the DS-160. F-2025-10104	Basile, Elizabeth	-	I am writing to you regarding a musical/musical event that was funded by the USAID office in the Dublin embassy. It has attracted significant national and international media coverage in recent days. The grant was given to the “Ceiliuradh Company Limited by Guarantee,” between September 14, 2022 and September 30, 2022. I have included a link from USA spending.gov regarding the musical/musical event. https://www.usaspending.gov/award/ASST_NON_SEI30022GR0010_1900 I request a copy of all documents, emails, text messages and other communications regarding the application, performance and follow up of the musical event. This would include any after the event reports, posters, media coverage and/or internal documents regarding the application, disbursement and follow up of the grant. I am also requesting all documents, emails, text messages and other communications following the recent publicity from the Department of Government Efficiency committee bringing the public’s attention to the funding of the event up to the present day. This news story is developing rapidly and so expedited information would be crucial for transparency and the prevention of spreading misinformation.	02/13/2025	02/26/2025

F-2025-10383	Pretsell, Douglas	Keele University	the W.H.O. claims that "In compliance with the resolution of the Fifth International Conference, the American Secretary of State in 1945 appointed the United States Committee on Joint Causes of Death under the chairmanship of Lowell J. Reed, Professor of Biostatistics at Johns Hopkins University. Members and consultants of this committee included representatives of the Governments of Canada and the United Kingdom and the Health Section of the League of Nations. The committee recognized the general trend of thought with regard to lists of morbidity and mortality statistics, and decided that, before taking up the matter of joint causes, it would be advantageous to consider classifications from the point of view of morbidity and mortality, since the problem of joint causes pertained to both types of statistics.' I tried to search for evidence for this committee on the National Archive, State Department and other archives but found nothing relevant. I need to find the location of all records of this committee, including the Secretary of State's directive to set it up and all minutes and correspondence of the committee. Better still, if this is a discrete collection of manuscripts that is already digitized could these be send to me by email in a zip file or via an FTP site. F-2025-11546	Dunagan, Sean	Judicial Watch	All reports, summaries, records of communication, or other records identifying or describing the approximately 5,200 contractual agreements canceled by the U.S. Agency for International Development between January 20, 2025 and the present. For purposes of clarification, please see the March 10, 2025 social media post by Secretary Rubio which states in pertinent part: “After a 6 week review we are officially cancelling 83% of the programs at USAID. The 5200 contracts that are now cancelled spent tens of billions of dollars in ways that did not serve, (and in some cases even harmed), the core national interests of the United States.” (https://x.com/marcorubio/status/1899021361797816325?s=12&t=-KuVhdhJyqL-GXDu7Fl9og) (Date Range for Record Search: From 01/20/2025 To 03/10/2025)	03/10/2025	-

F-2025-11715	McClanahan, Kel	National Security Counselors	USAID ADS 502.3.6.4 mandates: "All National Security Information and SBU authorized for destruction must be destroyed in accordance with the provisions cited in 502.3.6.5 and 502.3.6.6. Records containing detailed biographical data ... must be treated as SBU." ADS 502.3.6.5 mandates: "The office destroying the records must maintain a brief record showing the records destroyed." On 3/10/25, USAID Acting Executive Secretary Erica Carr sent an email to several USAID personnel directing them to participate in "clearing our classified safes and personnel documents from the RRB" all day on 3/11/25. This activity was to be done with shredders and burn bags. On 3/11/25, White House Deputy Press Secretary Anna Kelly stated, "The documents involved were old, mostly courtesy content (content from other agencies), and the originals still exist on classified computer systems." This is a request on behalf of my client MSW Media for the following records: 1) All "brief record[s] showing the records destroyed" on 3/11/25 created pursuant to ADS 502.3.6.5; and 2) A copy of each destroyed record identified in the list from Item (1). Please release all records in electronic form. You may not use a date range because this request is for all records which were destroyed, regardless of the date they were created. F-2025-12092	Washington, Stone	-	I request online access to the Department of State's (DOS) annual adjudication decisions. These are the DOS decisions regarding the security clearances of State Department officials. I am seeking access to all decisions rendered between January 2012--January 2023. If the above information is not made publicly available, then alternatively, I would like to know what the average rate of denial for security clearances was for each of the years requested above (2012-2022). That is to say, what was the percentage of denial for security clearances being adjudicated at DOS from 2012-2022. And, equally as important, how many security clearance cases were adjudicated at DOS during each of those years? I would greatly appreciate receiving this information. Lastly, I would like to request access to a DOS information page regarding your current number of administrative law judges/hearing officers. If these personnel have bios that can be found online, I would like access to that page as well. My requests stem from an important research paper that I am conducting on federal agency adjudication. My dataset tentatively includes the Department of State, pending your response to my FOIA request. I would greatly appreciate your assistance with this matter. Thank you for your help. F-2025-13212	Shea, William	n/a	By email communications to the DoS FOIA office, on May 30, 2014, June 14, 2014, and October 4, 2015, respectively, I submitted FOIA requests for records relating to the death of Foreign Service officer Anne Smedinghoff (DoS FOIA Case Control Number F-2014-09233), relating to the death of Ambassador John Christopher Stephens (DoS FOIA Case Control Number F-2014-10235), and relating to certain documents on the “private” server of former Secretary of State Clinton as well as certain other documents, regarding a suit I previously brought against the Department (DoS FOIA Case Control Number F-2015-15025). To date, despite the passage of roughly a decade, DoS has not provided any record I requested in the three FOIA requests. I sued over this absurdly long lack of response: DoS noted that the suit fell outside the statute of limitations for such a suit. I had been too patient: my patience is gone now. There is nothing stopping me from again requesting exactly the same items I requested in the three FOIA requests listed above. And I hereby do that now. I hereby again request the items I requested in the three listed FOIA requests from approximately a decade ago, and I incorporate by reference those three FIOAs. When DoS fails to give me anything responsive, as it certainly will as it has demonstrated it has no interest in fulfilling its FOIA obligations when embarrassing information might thereby be released to the public, I will again	03/25/2025	-

F-2025-13407	Sessler, Jerrod	Jerrod Sessler	I am attempting to find financial transactions sent to the International Finance Corporation (IFC) from the Treasury. Because I do not have access to the EIN for the IFC, the Treasury is struggling to fulfill the request. This is the response from the Treasury: "There are several reasons why we might not be finding the payments: - They were issued to a different EIN of the IFC. - They were issued by USAID or USDFC to a different entity with which the IFC was affiliated. - They were issued using a generic payee ID such as “00000000,” or with a blank payee ID. The rep indicated that the State Department could do a search for financial transfers as well as proper EIN's using the name of the organization, something the Treasury is unable to do evidently.	03/26/2025	05/20/2025
