B6

I second Philippe's assessment. In a funny way, having the few negative quotes (which basically posit the standard critiques) works in our favor, because the rest of the piece undermines/marginalizes them very effectively.

Really good stuff. Especially fantastic opening page

Getting very very good feedback

I can't even remember now what if anything in it bugged me yesterday. Nothing in it has anyone making a double take to flesh out so far.

Its overall frame of the partnership paints you in exactly the way I think people respect you most, and I think Hirsh might actually have come up with a theme that will stick.

Have only seen the cover photo online, I want to see the hardcopy since we all know it's the pictures that really matter. Text on the cover is great

So what's the verdict on the article?
