+ Philippe

We believe you should go on camera tomorrow.

We have been working the written statement overnight and will put it out shortly.

Have we put out a statement yet? In addition to a written one, shall I do something on camera tomorrow? Pls tell David Ensor I'm sorry about his British friend and thank him for his work o this--and all else.

All:

See email chain below. We need to get this info into the system particularly in EUR and the Gulf region but we need to do so carefully and as David points out with a great deal of sensitivity for the families. [Redacted]

[Redacted] For example when I was in Jeddah I met with a group of prominent Islamic scholars several of whom were leading Saudi doctors. We talked about ways they could reach out to their colleagues in Pakistan and Afghanistan. We should get them this information and see if we can enlist them in this effort. Walter will know how to reach them. David will advise on best way to coordinate with families.

Thx.

Vikram,

We will definitely work on continuing to highlight this brutal outrage. The Embassy, the UK Embassy, as well as IAM and other NGOs here have been clear in their language. I know the Department will also be.
